VERNON, B. C., THURSDAY, FEBRUARY 17, 1938

Apple Sales Stimulated By Lower Freight Rates, Lower Prices, Advertising

Movement Monday Was Largest For Any One Day Since One-Desk Scheme Started

Publicity Campaign In East Is Bigger Than Was Expected

Fruit Leaders Thankful For Freight Reductions Granted But Feeling Is That Emergency Necessitates Greater Concessions

A combination of events has, within the past few days, brought a much more active situation into being, so far as the movement of apples from the Okanagan to the principal marketing centres is concerned.

A reduction granted by the railways on freight rates, coupled with a reduction on prices set on the fruit, and the launching of an advertising campaign in Eastern Canada, are the factors that have led to a considerably increased sale.

While still emphasizing the critical character of the deal, in which a large stock of apples remains unsold, members of the one-desk selling committee on Wednesday in Vernon reported that the opening of the present week had been characterized by "very splendid business."

In fact, the volume of marketing on Monday, the day on which the reduced railway rates went into effect, was the largest recorded in any one day since the one-desk scheme was commenced. On that day, sales ran as high as 14,000 boxes. Shipments of fruit, it was reported, continued "fairly well in line" for the two following days.

There has been one unfortunate development that has not aided sales. It has been the turn of the weather on the prairies, the coldest temperatures so far this year. Had it not been for that, the recent up-turn in fruit business would no doubt have been even greater.

Details of the freight rate changes are shown elsewhere in this issue. Commenting on these changes, members of the one-desk scheme declared that they were "very thankful for any help." They acknowledged that the cut in rates had helped to stimulate business. But they did not con- sider that they were also somewhat disappointed. "It does not seem that the reduction is in keeping with the emergency of the situation," was the comment by which the situation, in general, was summed up.

NEW PRICES
The new prices on Okanagan apples, applying to Western Canada, have been announced by the B. C. Fruit Board as follows:

McIntosh, 113 and larger, 90 cents
 McIntosh, 125 to 138, \$1.10 fancy
 McIntosh, 140 and larger, 90c fancy
 McIntosh, 113 to 138, \$1.05 fancy
 McIntosh, 140 and larger, \$1.30 extra
 McIntosh, 115 fancy, \$1.00 Cee
 McIntosh, 130 extra fancy, \$1.15
 McIntosh, 140 extra fancy, \$1.35
 McIntosh, 150 extra fancy, \$1.50
 McIntosh, 160 extra fancy, \$1.75

BLOOD TRANSFUSION SERVICE ORGANIZED BY SALMON ARM ELKS
To Co-operate With Medical Men In Securing List Of Donors
SALMON ARM, B.C., Feb. 15.—The Salmon Arm Elks have appointed a committee to co-operate with the local medical men in supplying blood for transfusion work. The objective is to obtain a complete registration of those who are willing to supply transfusions.
Mrs. S. Mutart, of Edmonton, is visiting at the home of her niece, Mrs. A. J. Strudwick, for a week or two.
Sam Thompson and Clarence Nelson have taken over the service station here, which has been operated by Shillam Motors for the past 10 months. They are open for business this week, and Len Blagg, the present operator, will be transferred to Vernon.
Mr. and Mrs. J. McGeorge and family left Monday morning for Scotland, where they will make their future home.
Ray Davis underwent an operation in the local hospital last week and is progressing favorably.
W. Blake is home from Bowass Bay, Vancouver Island, where he has been employed in a logging camp.
Miss Thelma Bray, of Vancouver, came up on the week end and excursion to visit her parents, Mr. and Mrs. R. N. Bray.
Kris Stables has been confined to the local hospital for the past two weeks and is improving rapidly.
Tom Palmer and Andy McConnell, of Chase, are spending a week at their mining claim on Adam's Lake. They report development work is progressing satisfactorily.
Dr. S. R. Beech has gone to the coast for further medical attention. The doctor has been confined to the hospital and home for the past ten weeks.

ANOTHER NEW BUILDING IS PLANNED AT OLIVER
OLIVER, B.C., Feb. 12.—Construction to start this month on another new store building to be erected on the west side of the street in Oliver's main business block. The store will be built for F. E. Elliott, former chairman and now a fruit merchant, who proposes to rent the premises.
Mr. Elliott is now calling for tenders on the building which is to measure 25 feet by 60 feet, one-story, concrete construction, with plate glass front. It will be divided into two stores, and already Mr. Elliott has been approached by prospective tenants.

Airplanes With Elevators --
Startling Forecast Made At Northwest Aviation Planning Council Session

The following interesting resume of the proceedings of the Northwest Aviation Planning Council sessions, held at Vancouver last week, has been written for The Vernon News by Douglas Kermode, who went to the Coast as the official representative of the Vernon Junior Board of Trade.
The following interesting resume of the proceedings of the Northwest Aviation Planning Council sessions, held at Vancouver last week, has been written for The Vernon News by Douglas Kermode, who went to the Coast as the official representative of the Vernon Junior Board of Trade.

IMPORTANT GATHERING
It was agreed by all the delegates that this proved to be one of the most important and successful aviation gatherings in the way of getting things accomplished that has ever been held. The U.S. delegates, who were naturally in the majority, by virtue of the number of states represented, were loud in their praise for the manner in which the local chairman, W. C. Mainwaring, and his committee had arranged this convention. The first had been held on Canadian soil.

The feeling of good will between the two countries was very warm, and as Lieut.-Governor E. W. Hunter stated during the evening, the delegates had been welcomed to the province, that these mutual interests in aviation between the two countries, should do more than anything to foster good-will and tie the two countries together. The delegates had been welcomed to the province, that these mutual interests in aviation between the two countries, should do more than anything to foster good-will and tie the two countries together.

ALASKA AIR ROUTE
One of the features that the Oskanigan was particularly interested in was the likelihood of a route from Alaska to the U.S. coast through R.C. This particular topic proved to be one of the liveliest on the agenda. As originally worked by the U.S. resolutions committee, it appeared as though those delegates were favoring the Pacific route only. The Montana and Oregon delegates, however, favored the inland route, and the latter fact was what those statisticians prove.

MODEL AIRPLANES
One of the sideline features of the Conference, and one that should hold the attention of the average young fellow interested in aviation, was a display of model aircraft, by the Vancouver Model Airplane Club. Opportunity was taken of the occasion to present Don Grey of the Vancouver Club with the handsome Seattle trophy for the Northwest Championship. Mr. MacReady, the Vancouver president, was most pleased to learn from The Vernon News representative, that Vernon has a model club under way, so that the club making them honorary members of the Vancouver organization. Mr. MacReady is looking forward to having an interior representative compete against the Vancouver delegates at some time in the future. So there is an opportunity for the Vernon lads to get busy and turn out a Northwest champion.

KELOWNA HOSPITAL NEEDS NEW WING: TO COST OVER \$50,000
A very interesting reference made by Mr. Dickens was regarding Kelowna. He stated that Kelowna, British Columbia, and its citizens are in a difficult position. The whole business of building a new wing for the Kelowna Hospital is a very serious matter. The Kelowna Hospital is in a very difficult position. The whole business of building a new wing for the Kelowna Hospital is a very serious matter.

SERGEANT H. W. KING IS HONORED HERE
Head Of Vernon Provincial Police Detachment, Has Had 25 Years' Service

Members of the Provincial Police stationed in the Vernon detachment last night gathered here on Monday night to congratulate Sergeant H. W. King, head of the detachment, upon his completion of 25 years' active service in the force and to present him with a suitable gift.
The pleasing function was held at the home of Corporal and Mrs. R. S. Nelson.
Sergeant King joined the force as a constable at Nelson on February 13, 1913. Granted leave of absence at the outbreak of the World War, he served four years overseas, returning to Nelson after the armistice.
He was transferred to Golden with the rank of Corporal, afterwards being stationed at Penticton. Prior to coming to this city in May of 1936, Sergeant King held the Chulivack detachment for six years. He is married, with two daughters and one son.
He has won distinction for his work as a capable, conscientious officer, and is highly popular not only among members of the force but among the general public.
The attending gathering, in addition to Sergeant and Mrs. King, included Mr. and Mrs. R. M. McGusty, Magistrate William Morley, Constable J. A. Carmichael, Constable George Heatley, Constable Sam Arm, Constable and Mrs. Len Backler, Constable and Mrs. E. A. Wales, Constable and Mrs. E. W. McW. Constable and Mrs. A. E. Fox, of this city. Constable Edwin Anderson, who was then on duty in Vernon, was present for only a few minutes. Other members of the force were unable to attend owing to illness.

CANOE-SICAMOUS PEE- WEE HOCKEY TEAM IN WIN AT SALMON ARM
Lads, All 12 Years Old, Give Promise Of Material For Future
SALMON ARM, B.C., Feb. 15.—Playing two games in the Salmon Arm arena on Saturday, February 5, and Saturday, February 12, the Canoe-Sicamous Pee-wee hockey team defeated the Salmon Arm boys by scores of 2 to 1 and 3 to 2.
These boys are all 12 years and under and from the brand of hockey they are putting up, Salmon Arm youngsters should have some real material for the future.
Murdoch McKay of Sicamous and Stan Gaten, of Canoe, are coaching their boys and Constable Green has charge of the Salmon Arm team.
SCORING SPEED
Salmon Arm's intermediate hockey boys went on a scoring spree when they played Armstrong here Friday night, February 11. Armstrong was unable to score, while Salmon Arm took advantage of every opportunity and beat Blackburn in the Armstrong net for 10 goals.
This made the second shut-out of the week for Salmon Arm, the boys having beaten Armstrong 5 to 0 in Armstrong Wednesday night. Although Armstrong were outplayed at every turn they carried the fighting spirit right through to the final whistle.

GRINDEAD WINS
ENDERBY, B.C., Feb. 14.—Last week the members of the Enderby R.M.R. Badminton Club suffered a thorough defeat when they played a team against the Grindead club. Final score was 9-2 in favor of Grindead.

Canada's Favourite Tea
"SALADA" TEA
Don't take needless risks with CHEST COLDS

Relieve Their Misery This Proved Way
WHEN there's a cold to treat—especially if it's a chest cold—leave the misery with the treatment that has been doubly proved for you.
Here's What To Do: It's best to stay in bed and get lots of rest. Eat lightly, drink plenty of water. Keep elimination regular. And use your dependable Vicks VapoRub without delay.
VapoRub has been proven by everyday use in more homes than any other medication of its kind—further proved by the largest clinical tests ever made on colds. (Full details in every VapoRub package.) Only Vicks give you proof like this.
VapoRub is direct external treatment. No "dosing"—no stomach upsets. Just massage it on throat, chest, and back. Then—to make its long-continued double action last even longer—spread a thick layer on the chest and cover with a warm cloth.
No Long Waiting for Relief to Begin... Almost before you finish rubbing, you begin to feel warm and comfortable as VapoRub goes to work direct through the skin like a poultice. At the same time its medicated vapors, released by the warmth of the body, are carried direct to the irritated air-passages with every breath.
This double action loosens phlegm—relieves irritation and coughing—helps break local congestion. And long after the sleep comes, VapoRub keeps on working.

The Standard Contract
Editor, The Vernon News,
Sirs: Would you be good enough
to allow me space for the following
Standard Contract?

A grower has mailed me a circular letter issued by a shipper dated February 1. As this is an attempt to block the adoption of the Standard Contract and also to confuse the minds of his growers by incorrect statements, I am compelled to correct the statements made therein. I quote from the circular: "We have studied the Standard Contract and see no advantages offered the grower that we do not already offer under our contract with you today. Such a statement from a shipper is to be expected but I can assure all shippers that the Contract Committee would welcome constructive criticism for a change."

Mr. Grower, I would suggest that you read your present contract and you will find that it is a shipper contract drawn to protect any and all of the shippers' interests and not one single word for the protection of the grower; in other words, it seems a straight consignment deal for the grower without a single string attached to make a host of deductions without the amounts being stated, without the exception of prices for packing. It also gives him the right to fix and set prices, pay secret rebates, manipulate pools and many other well known practices detrimental to the growers' interests. In other words, the shipper has the right under existing contracts to take the grower's crop, that grower having no protection whatsoever and the shipper having no responsibility in law to the grower. At the present time we have two forms of consignment, the one that we growers foolishly use known as the uncontrolled consignment and the other, a vast business being carried on by the method. It is known as controlled consignment.

Allow me to use a stated case. A manufacturer of men's hats in British Columbia. What procedure does he adopt? He contacts an agent in Vancouver, makes the necessary arrangements, then makes a consignment of hats, but that is not all. He also instructs his agent that a certain quantity must be sold for, say, \$20 a dozen, and a lower grade for \$15 per dozen.

How long would this manufacturer in England continue in business if he used our method and shipped his hats to the agent and gave the agent authority to sell at any price, guaranteed all the expenses that the agent could possibly incur, and then if there was anything left to please forward it to England. Sounds stupid, does it not?

How much longer do we intend operating our business in such an idiotic manner? Yet this is exactly what we have been doing all these years, and then squawk when we get hurt. Naturally, the shipper wishes us to continue to do so, as all his interest centres in packing fruit in order to make a profit and not in what he will pay the grower.

We who have been urging the adoption of the Standard Contract for over five years would abolish the uncontrolled consignment deal from the tree fruit area and adopt the business man's method of doing business, namely, controlled consignment. Our elected representatives would fix the price, fix deductions, stop price cutting, standardize pooling and pool accounting.

We are having a difficult year and looking into the future with increasing production. I can see still more difficult years; if the growers were put themselves in a position to take full advantage of whatever markets we may have, we must by united action place ourselves in a position to do so. The only opportunity we have ever had by means of the Standard Contract.

R. W. RAMSAY,
Contract Committee,
Okanagan Mission, B. C.

Technique of the Economist
Editor, The Vernon News, Sir:
Under the heading "U. B. C. Lecturer Says Social Credit is Unworkable," I find the statement, "The technique of the economist was outlined by Walter Harwood."

Now as to whether Mr. Harwood is qualified to outline the technique of the orthodox economist or not, it would be presumptuous for me to doubt, but as to his knowledge of the principles of Social Credit, if the report in the "News" be accurate, that he is not.

Social Credit to embody inflationary principles, I can state quite emphatically that he has never studied Social Credit.

The very best way for me to defend Social Credit, I think, is for me to advise those who hear Mr. Harwood's address, to also study Social Credit, and in the meantime ponder this question: would it be inflationary to issue enough currency to represent "the wages of the machine?"

Major C. H. Douglas, the founder of Social Credit, is a recognized economist. During the war he served as buyer for the British Army. It was when he realized that "war is economic peace and peace is economic war" that he delved into economics to find out the cause. Social Credit is more than a theory. It is a scientific remedy for the ills of this sick old world, but unfortunately it looks as if the world will be plunged into another holocaust of destruction before the "shlykes" will be forced to live and let live.

The slogan of Social Credit is: "Not for anyone but more for all."

O. GEO. SAUNDERS,
R.R. 2, Vernon, B. C.

CREW CUTTING SPRUCE
TIMBER FOR SAWMILL

EWING'S LANDING, B. C., Feb. 12—The camp located on the slopes of Terrace Mountain, with 1000 head in charge, is working in earnest cutting out spruce logs for the Blingman Company of Kelowna.

The camp is situated about nine miles back, but cutting operations are carried on about seven miles in from the lake. Nine or ten men in old campaign the crew. The truck used to haul the logs to the lake shore near Guy Johnson's property is running two shifts; and there are four teams working in the bush. Mr. Hallett ran into a horse with his driver the other day, and minor changes to the truck were the result. The horse escaped unhurt.

J. H. Wood of "Woodlands" is away on a short trip to Seattle.

Oliver Growers Demand One-Man Board Of Control

Claim South Discriminated Against Under The Present System

OLIVER, B.C., Feb. 14.—At the B.C.F.G.A. meeting last Friday, Oliver growers criticized the administration of the Tree Fruit Board and condemned the present cartel system which, they allege, discriminates against the southern Okanagan grower by keeping his apples off the market until the northern grower has sold his McIntosh.

The marketing system has for many years been a sore subject with the southern Okanagan grower who claims it is unfair and unjust. He charges that the north Okanagan controls the marketing system, and that the south Okanagan grower, who produces most Winesaps, Delicious, Rome and Jonathans, is prohibited from selling these varieties until the northern grower has sold his McIntosh.

This method, he condemned by Oliver growers at the Friday B.C.F.G.A. meeting, it being pointed out that in a season such as the present when the market is not absorbing the big Okanagan apple crop, most of the McIntosh is already sold at fair prices. In the south Okanagan, where the McIntosh crop is almost nil, late varieties constitute almost the entire crop. By the present marketing system, these varieties have been kept off the market, and now that it appears necessary to dump part of the crop or cut prices to a low figure, it is the southern grower with his unsold crop who must suffer by far the heaviest loss.

Entire control of the marketing system by the north Okanagan was criticized, condemned, and denounced in no uncertain terms by the growers. They believe that the system is such that the southern grower does not get a square deal, and they seek to revise it so that he be given a voice in the marketing of his apples.

CHARGE INEFFICIENCY

Charges of inefficiency were made against the marketing body which, it was alleged, had no real confidence of the grower. It was claimed that the marketing body should have been fully informed as to the size of the Okanagan apple crop, and should have had complete information on the big Washington apple crop and also the huge citrus fruit crop in the United States which is said to be a keen competitor of the Okanagan apple and one of the reasons why our apples are not selling in normal quantities. With this information on hand, it was claimed, Okanagan apples should have been put on the market at prices which would have assured a greater volume of sales and thus have reduced the loss by

dumping or price cutting later in the season.

The result of the heated discussion at the B.C.F.G.A. meeting was the passing of the following motion:

(1) "To amend the act under which the Tree Fruit Board is appointed, providing for a one man board which shall be managed, appointed by the executive of the B.C.F.G.A., at a salary commensurate with his position. Such manager shall not be a fruit rancher or retain any connection with the fruit industry other than as manager of the cartel.

(2) "To amend the cartel so as to eliminate any discrimination against late varieties of apples by having only one cartel which shall include McIntosh and all other late varieties.

(3) "To appoint a price fixing committee of not less than three persons including one person from the Oliver-Chosyoo district, who shall not necessarily be a grower. The outbreak at Friday's meeting was not a sporadic one, but rather the culmination of many years of simmering discontent. The feeling expressed at the B.C.F.G.A. meeting was the general opinion of Oliver and Osoyoos growers. The southern Okanagan apple grower feels that he has a genuine grievance. He has apples to sell, but he has no control as to when and how they should be sold.

That is the feeling of southern Okanagan growers and prompted the suggestion from several left-wingers that the south break away from the north and operate as a separate unit. A few conservative members feared this would result in a disastrous price cutting campaign against the south.

The opinion is growing, however, among clear thinking growers that a separate unit should be formed in the south and that it would not necessarily mean a price cutting campaign. Rather it would give the southern grower some control over the marketing of his fruit, and the north and south units could cooperate for the orderly marketing of fruit on a basis equitable to all growers.

Another resolution passed at the meeting reads as follows:

"Moved, that our local B.C.F.G.A. be instructed to bring up the matter of the one and one-quarter cent levy imposed by the Tree Fruit Board on export fruit, at the next meeting of Central, and that they be instructed to take a firm stand on the growers' behalf and demand that the B.C.F.G.A. executive in turn demand cancellation of this levy on all export fruit."

The one and one-quarter cent levy on export fruit was condemned

W.M.S. AT FALKLAND RAISED OVER \$100 DURING PAST YEAR

Monthly Meeting Is Held At Home Of Mrs. H. C. Beddoes

FALKLAND, B.C., Feb. 16.—The monthly meeting of the Ladies' Aid of the United Church was held at the home of Mrs. H. C. Beddoes, on Thursday afternoon. There was a full attendance of members and Mrs. J. Hamilton, a new-comer to the district, was enrolled in the society.

Mrs. F. Kent, secretary, read the year report of 1937 and was given a vote of thanks for her interesting account of last year's activities. Although the treasurer's report for 1937 showed that collections of the society amounted to \$84, the president, Mrs. M. Phillips, stated that an additional amount of \$20 had been credited to the Ladies' Aid from members of the Church Board. The board held the auction sale early in the fall, at which members of the Ladies' Aid assisted generously.

The flower fund secretary, Mrs. George Smythe, reported that 24 families of the community had been remembered during the year in cases of illness when bouquets of flowers had been sent to older people and fruit to children.

In aid of this fund it was planned to hold a winter dance in the dining room of the Community Hall, on St. Valentine's day. Mrs. Smythe and Mrs. J. Dent were appointed to look after the decorating, and Mrs. Phillips and Mrs. Beddoes donated prizes.

After the business session refreshments were served by the hostesses, with Mrs. F. Kent and Mrs. F. Seaman assisting.

The Bridge Club met at the home of Mrs. M. Phillips on Wednesday evening, when Mr. and Mrs. "Curly" Seaman acted as hosts. Highest scores for the evening's play were made by Frank Tarry and Miss E. Mossey.

LARGE COUGAR SHOT

A cougar, weighing 200 pounds and measuring 9½ feet from nose to tip of the tail by the way, was shot by two Indian companions early in the week. The Indians and hounds are still camping in the vicinity of Green Lake, where they hope to bag three more animals, whose tracks they have traced from the numerous killings of deer in that district.

Education week was observed at the school on Friday afternoon when several parents and friends visited both junior and senior rooms.

Mr. and Mrs. Lou Clark entertained several friends on Friday evening.

Mr. and Mrs. T. Churchill are receiving congratulations on the birth of a daughter in the Vernon Jubilee Hospital on Sunday, February 6.

Mr. and Mrs. J. Dent entertained on Saturday evening when many of their friends gathered to wish the host many happy returns on the occasion of his birthday.

Harvey Dobson returned from Kamloops during the week to spend several days with friends here. He left for that city again on Saturday.

Mrs. J. Alexander returned home on Wednesday after a brief visit with friends and relatives in Vancouver.

An omission was made in last week's notes from Falkland. Mr. and Mrs. Dick Hatfield thanked their friends for the kindness shown them recently. Joe Dent and his sons, Bob and John, also assisted others mentioned in the previous account.

MARA RESIDENTS ARE HONORED AT FUNCTION

MARA, B.C., Feb. 12.—Mrs. James Bell and Mrs. S. Cuddy entertained Mr. and Mrs. V. H. Stephens and the Sunday School pupils on Saturday afternoon last at the home of Mrs. Cuddy.

Mr. and Mrs. V. H. Stephens were presented with an electric iron, in appreciation of their good work and the efforts to keep the Mara Sunday School classes going. Their interest in the children has been worth while, and parents and children alike are sorry that Mr. and Mrs. Stephens are leaving Mara within the next two weeks to reside at Enderby. They have taken over the farm of Mrs. Livingstone, who is leaving for England.

Mr. and Mrs. Vic Witala were called to Transcona on Sunday night owing to the serious condition of their daughter, Vivian, who is a patient in the Sanitarium there. Miss Gene Day went to Winfield last week, where she is visiting friends.

Mrs. Harry Worth returned to her home at Lumby on Thursday, having spent several weeks here visiting relatives.

VALENTINE TEA

ARMSTRONG, B.C., Feb. 15.—A very successful Valentine tea and sale of home cooking was held by the Hospital Auxiliary in the Forth-Hill Hall, Armstrong, on Saturday afternoon, February 12. Mrs. J. L. Hopkins, president of the auxiliary, acted as hostess for the afternoon and tea was served by the social committee. The stall for the sale of home cooking was in charge of Mrs. F. L. Bugden and Mrs. W. Pearson and was well patronized during the afternoon. An appreciable addition was made to the funds of the auxiliary by the day's operations.

PUBLIC MEETING FOR CHINA RELIEF FUND

A non-political meeting, to secure money for the China Relief Fund, and to raise interest in the need for assistance for the great numbers who are suffering from the ravages of war in the Orient, has been called for this evening, Thursday, at 8 o'clock, in Burns Memorial Hall. George Hoppling will be in the chair and among the speakers will be Mrs. G. Hamilton-Watts, and Paul Lim Yuen.

on the grounds that the money was being raised to promote the sale of domestic apples, and since the export fruit could in no way benefit such levy, therefore export fruit should not be taxed for the benefit of domestic fruit.

Royalty Of Norway To Visit New York's Fair

Norway's Crown Prince Olaf and Princess Martha are to attend the opening of the New York's World's Fair next year. They are the first royal couple to indicate their intention of attending the gala ceremony. Here is a recent picture, taken in Oslo, of Princess Martha and her lovely children, Princess Ragnhild, who soon will be eight, and Princess Astrid, two years younger.

ing the gala ceremony. Here is a recent picture, taken in Oslo, of Princess Martha and her lovely children, Princess Ragnhild, who soon will be eight, and Princess Astrid, two years younger.

"Even Break For The West"

T. R. Bulman Urges Need For Adjustment Of Competition

"I tell you it is time we took the gloves off and went to the mat to force an even break for ourselves in the west."

It was with words such as these that T. R. Bulman, of Vernon, retiring president of Canned Foods Association of B.C., expressed himself at the annual convention of that association, held in Vancouver on Friday and Saturday of last week.

"Why should we be penalized with more than our share of the railway debt of Canada?" was one of many questions addressed by Mr. Bulman as he enlarged upon the theme, inequality of competitive conditions as between canners in the east and the west.

"We are facing a year with many very serious problems, and at the time for each one of us to take up our present situation, for the future does not look bright," he declared. "During the depression years, we felt more or less satisfied if we could stay in business and make a profit. The year 1937 began with fairly bright prospects, and on all sides we were told the corner had been turned and a period of at least moderate prosperity was ahead of us. What happened?"

"Before the year was half over, we found ourselves with increased costs ranging in our only market, the west, from the lowest prices drop, while many other manufactured articles were selling at higher prices?"

"There is only one answer, and that is that the economic set-up of this whole country is such that we in the west are only supposed to be hewers of wood and drawers of water for the big interests of the east."

"On the top of the burdens imposed on our own government in B.C. still forces down our production by insisting that rates of pay are more important than volume of production. We predicted that we would never be healthy in good times or bad unless we had an even break with our eastern competitors. Our prediction is borne out by the fact that in canned tomatoes, the most important western crop, Eastern Canada's production increased 111 per cent over the 1933 pack, and B.C.'s increased 30 per cent."

Turning to the question of railway rates, Mr. Bulman pointed out that every pound of canned goods that moves to the prairie provinces from British Columbia pays a tribute to the eastern controlled railways in excess of the cost of the goods. The cost of canned goods produced in the east and moving into the west, "Why should storage and field warehousing be lower in the east than the west?" he asked, "and why should financial and insurance charges be lower in the east? Why should labor and raw products be lower in Eastern Canada than in Western Canada?"

"Answer these questions, if you can, and you will have the reason for the fact that in 1937 there were more eastern canned goods sold in Alberta than ever before since there was a canning industry in B.C. In fact, the total of this year's canned foods from other producing centres have invaded the Western market to a greater extent than at any time since the canning industry has become established in Western Canada."

Not because of inferior quality, uncomparable growing conditions, lack of buying power in our market, but because manufacturing costs are out of line with eastern canners of fruits and vegetables.

"In this complicated game of producing and marketing canned goods we have no justification for a quarrel with our Eastern opponents individually at all, but we have a definite justification for demanding that this game be played with the same set of rules for all players."

"One of the chief aims and functions of this Canned Foods Association of British Columbia is to fight for a set of rules that will allow us to sit in the game on an equal footing with all our competitors in Canada. With equalized manufacturing costs we would be able to hold our own and increase along with the rest of Canada, instead of steadily shrinking proportionately since the lowest point, of the depression."

"We in Canada enjoy a 25 per cent preference on the British market which was put into effect to improve the condition of the Canadian farmer and grower. The export of Canadian farm products in cans has been enjoyed by Eastern Canadian farmers only. The canned vegetable exports of British Columbia to Great Britain have been negligible and the 25 per cent preference which was

given to compensate the farmers of Canada has been of no benefit to the Western farmers as far as his products are concerned when sold in cans.

"Our manufacturing costs were in line with the east I firmly believe we would more than double the direct cannery payroll in British Columbia, and the consumption of the west would produce by a like amount. The indirect wages paid by container manufacturers, railways, lithographers, truckers and farmers is much greater than the cannery payroll, because it can be demonstrated that for every additional worker in the cannery, five other workers are given employment in allied industries."

"We feel that given a chance our canneries can be of very greatly increased importance to the people of British Columbia," Mr. Bulman concluded.

The meeting went on record that the provincial department of trade and industry be asked to make a study of the canning industry with a view to lowering costs to bring canneries now idle back into operation.

SUGGESTS CAMPAIGN

A vigorous campaign to promote the sale of British Columbia canned goods in foreign and domestic markets was proposed by Hon. W. J. Assestine, minister of trade and industry, speaking at the opening session of the convention.

"I intend to have my director of trade extension thoroughly investigate the possibility of co-operative action between our department and your association," he declared. "If a standard and easily recognizable B.C. brand were adopted for only the best qualities, and if a studied attempt was made to cater to the tastes of our prospective customers, the buying public would quickly learn that this B.C. brand meant only the highest quality."

Mr. Assestine also suggested that small canneries be established in many isolated farming communities which produce the finest quality produce.

"I believe that in such localities small canning plants packing their product under strictest supervision and marketing their product under one known label would do much to aid in the agricultural development of the province. This matter, too, will be thoroughly investigated by my department," the minister promised.

E. M. Gilland, of the Berryland Fruit and Dairy Farms, Ltd., was elected president of the association, to succeed Mr. Bulman.

Vice-president is L. J. Kelley of Rowcliffe Canning Co. Ltd. of Kelowna, and members of the executive are Mr. Bulman, F. D. Mathers of Cannabine Co. Ltd., New Westminster, and E. W. Lumsden of Canadian Canners (Western) Ltd., Vancouver.

WINNIFRED HAMBROOK IS MARRIED HERE TO GEORGE NEIL AITKEN

A quiet wedding was solemnized in the chapel of All Saints Anglican Church, Vernon, on Saturday evening, February 12, when Winnifred Margaret, the eldest daughter of Mr. and Mrs. Stephen Hambrook, married George Neil Aitken, the eldest son of Bert Aitken and the late Mrs. Aitken, of Vancouver.

The Rev. H. C. B. Gibson, rector of the church, performed the ceremony.

Given in marriage by her father, the bride was gown in a navy blue suit of crepe with accessories to match. A blouse of white lace completed the ensemble.

Miss Evelyn Hambrook, as bridesmaid to her sister, also chose a crepe suit of navy blue, with peach-colored blouse. Mark Hambrook, brother of the bride, supported the groom.

After a wedding supper for relatives and immediate friends the bride and groom left for Kelowna, where they will reside.

COURT OF REVISION ON ASSESSMENT ROLL OPENS THIS MORNING, THURSDAY

The annual court of revision for the Vernon assessment district opens its sessions in the Court House at 10 o'clock this morning, Thursday. Forty people have entered a total of 59 appeals, P. B. Coslett is judge of the court. The court of revision for the Kelowna district was held on Monday last.

A court of revision for the North Okanagan Electoral District voters' list will be held on Monday, February 21, in the Court House here.

CHORAL SOCIETY MEETS

ARMSTRONG, B.C., Feb. 15.—Armstrong Choral Society held their first meeting on Monday evening, February 14, in the Oddfellows' Hall, Armstrong. The society, under the leadership of D. M. Robertson, of Vernon, there is

New Rates

(Continued from Page 1)

checking power used and the demand load on business premises. The topic was introduced by the secretary, Capt. H. P. Coombes, who said that there had been quite an expressed disappointment that the new schedule had not meant substantial savings. Mr. Campbell spoke in similar vein.

At this juncture several men asked for an explanation be given of the "demand" charge, which was to figure prominently in subsequent statements.

Alderman Clarke then took the floor. "I think this meeting should stick to the point," he said. "Cards sent out had written on them that people were not satisfied with the rates, and the impression has been distinctly unfavorable."

Mr. McBride spoke at length, quoting figures to prove that his bill had been increased somewhat. As a result of representations made to the hydro check and hearing, it was found that an error in reckoning demand load had given him a higher figure, and this had been rectified. G. P. Bagnall said his experience was similar, but he was willing to give the new rates a year's trial. His January bill was down \$7.

Further debate ensued, with some speakers showing they had effected substantial reductions and others that they could see but little change. It was E. Openshaw's opinion that bigger consumers would benefit considerably but that the "little fellows" would pay more. Alderman Clarke rose to address the audience and underlining of the statement was the highlight of the discussion and after he had questioned several who had spoken before, the meeting seemed to have a much clearer understanding of the changes. "Before the Council agreed to these rates, careful study, and consideration was given all sides," he said, "and the new rate is a decided advantage to the majority. I returned recently from a short holiday and was amazed to find the diverse opinions held."

A careful analysis of the situation was made, he continued, and the entire 290 commercial accounts were scrutinized. It was found that for the January period, the first under the new set-up, that 253 accounts were lowered, the total reduction being \$1,024. Of the remainder, 23 that were increasing the total increase came to only \$39. "That's what the new rates have done for the business men of Vernon," was his pithy comment. He estimated the saving for one year as being \$6,000.

John White, manager of the Vernon Fruit Union, declared his firm's bill was lowered \$83. Basing his estimate on last year's consumption, the world's largest cannery, J. B. Woods said his bill was down \$5.60 and that for the Canadian Legion premises lowered \$9. D. J. Robison declared his saving on the National Hotel was \$46, and Mrs. Bertha Winterhols said the Coldstream Hotel account was lowered \$22.50.

It was urged from the floor on several occasions that the whole question be dropped, but both Alderman Clarke and Mr. Barnes were emphatic in demanding some definite expression of opinion, and Mr. McBride's resolution came as the climax.

"Discussion on imposition of trade licenses provoked even more general comment from the meeting. Several men and one woman charged that not only had their fees been drastically increased but that they had been given scant consideration when taking the matter up with officials at the City Hall."

Jack Ascroft, E. Cliff, J. B. Woods, T. W. Hyland, Miss Alice Mann, S. Grimason, G. P. Bagnall, and others insisted that some action be taken that the matter be referred to a committee with supporting sentiment. Several speakers claimed they had been "threatened" with further increases by officials at the City Hall if they did not pay promptly.

Mr. Barnes suggested that licenses be based either on business turnover or number of employees employed, and that merchants should be provided with a schedule of charges.

Alderman C. J. Hurt stated that the imposition of separate fees for each distinct line carried in a store had resulted from the business methods of the merchants themselves. Storekeepers had added many extras, he said, singling out individuals by name from among those present as being "offenders" in this respect. "What is the city to do?" he asked. "Go ahead, form your committee, and then let's hear the squabbles."

On S. Grimason's motion it was finally decided to deal with the question through formation of a committee.

Busy Year

(Continued from Page 1)

stream. Expenditures were divided between \$21,900 for salaries and wages and \$23,303 for general costs.

In the statement of assets and liabilities, cash on hand was reported as \$984; cash at bank in the general account, \$1,233; and cash in bank, trust account, \$530, a total of \$2,747. In the hospital fund, the funds are \$47 as cash on hand; \$268 in the bank; and \$1,000 invested in a city of Vernon 5 per cent bond. Sundry debtors' open accounts total \$10,373, the report disclosed.

Open accounts payable by the hospital amount to \$5,713.

Some facts about the hospital insurance plan were revealed in the annual report. The number of contracts taken out up to December 31, 1937, was 1,543. A total of 533 had lapsed either through removal or non-payment. The contracts now in force provide insurance for 3,630 people. Those treated, under the plan, during the year, were 707 in number and patient days under the scheme totalled 6,633. Amounts incurred by insurance patients were \$15,496 and the amounts paid by contract members were (less prepayment) \$15,187. The percentage of collection of accounts insured members by contract instalments was given as 88 per cent. Expenses of the plan were \$501.

Town and District

Russell Neil left on Monday night last on a trip to Vancouver.

Roy Summers spent the week end in Vancouver visiting with his parents.

E. E. Coley, manager of the Inland Ice & Cold Storage Co. Ltd., returned on Sunday last after a business trip to Kootenay points. He inspected the ice making equipment at the Nelson civic centre and at the Trail arena.

After attending an executive meeting of the B.C. Division of the Canadian Weekly Newspapers Association at Vancouver, W. S. Harris, publisher of The Vernon News returned to this city on Wednesday evening. Other interior publishers attending were R. J. McDougall, of the Penticton Herald, and Ralph White, of the Kamloops Sentinel.

One degree above zero, recorded early Wednesday morning, was the lowest temperature so far this winter, states Frank Smith, local meteorological observer. On Tuesday the thermometer dropped to a minimum of 8 degrees above and the maximum was 22 degrees. From February 8 to 15, 11.1 inches of snow fell in this city, Mr. Smith states.

The Vernon Curling Club is ably represented at the current Pacific Coast bonspiel at Vancouver. Leaving here on Saturday last to take part were E. J. Chambers, K. W. Kinard, W. W. Darroch, and Gordon Lindsay. While at the Coast, Messrs. Kinard and Darroch, members of the Civic Arena Commission, will engage into methods of making artificial ice.

The next meeting of the Women's Canadian Club of Vernon and District will be held in the National Ballroom on Wednesday, February 23, commencing at 3:30 o'clock. The speaker will be Miss Cornelia van Geuns, a native of Holland. Miss van Geuns will be dressed in the traditional costume of Holland and will sing some of the folk songs of her country, as well as speak.

Upwards of thirty skiers, members of the newly formed Silver Star Ski Club, enjoyed a brisk jaunt over the hills west of the Kamloops road on Sunday last. Starting from the W. H. Baumbrough ranch, the party climbed over the hills to Gartrell's cabin, which stands near a large rough known as "Y" Lake. The journey occupied about two and a half hours on the ascent, but only half an hour on the return.

The Vernon United Church will hold special services next Sunday to celebrate the centenary of the birth of Dwight L. Moody, the great evangelist, who, in company with Ira D. Sankey and his little harmonium, took Scotland and England by storm with their evangelical revival services during the seventies and eighties of the last century. Rev. Dr. J. H. Davies will preach both morning and evening on the "Life and Work of Dwight L. Moody," and in the evening will sing a considerable number of the old Sankey favorites, such as, "When peace like a river," "Though your sins be as scarlet," "At the feast of Belshazzar," "Lead me gently home, Father," and the greatest of all favorites, such as "The Ninety and Nine," besides many others which the congregation will be asked to sing with the choir. Doubtless there are several Old Country people in Vernon who heard Mr. Moody preach at some of his services, and a large attendance is expected at the evening musical service.

The first shipment of a group of General Motors cars from the recently re-opened Regina factory to the Vernon Garage on Wednesday. This western factory has been re-opened after being closed down since 1930, but it is now operating, again, supplying cars to the west coast, except in the truck line. If required, it is reported, this western factory could serve the whole Dominion. The attractive shipment that reached here this week was made up of Chevrolets and Pontiacs.

A 64-page booklet, The Proceedings of the Entomological Society of British Columbia, has just been printed by the Vernon News. It is now being distributed. Issued under date of February 16, it is No. 34 in the series. The president of the society is E. R. Buckell, the interior vice-president, E. P. Venables, and the secretary is George E. R. Buckell. The booklet contains articles by A. D. Heriot, E. P. Venables, H. A. Richmond, and E. R. Buckell, as well as numerous others in this province.

Next Wednesday, February 23, will mark the 33rd anniversary of the founding of Rotary International, president Walter Bennett told members of the Rotary Club of Vernon on Monday last. In token of this, the regular weekly luncheon will be held on Wednesday instead of Monday, and two members of the club will give short addresses. It is hoped that Alan Davidson will be present to give vocal selections. The local club is now in its 14th year. Four of the present members, J. S. Galbraith, D. A. McBride, J. H. Watkin, and D. McNair, are charter members.

Members of the Goldstream Women's Institute heard, at a recent meeting, that Mrs. H. McGregor, of Penticton, president of the Federated Women's Institutes of Canada, will address a special meeting in March in the Community Hall. One of the main topics discussed at the meeting was the forthcoming annual bazaar. It was decided that the members will commence work immediately on a wool comforter to be raffled by the bazaar. The "king songs," under the leadership of Miss Hilda Cryderman, have been started again and are held in the Community Hall every Wednesday evening.

DR. J. ALLEN HARRIS TO GIVE LECTURE HERE
"Men, Money, and Molecules" is the arresting title of the address to be given by Dr. J. Allen Harris in the library of the High School next Monday evening, at 8:30 p.m. This well known speaker, former M.L.A. for South Okanagan, will be lecturing under the auspices of the U.B.C. extension series, in conjunction with the local Alumni Association.

The speaker will attempt to review the development of the chemical industry, from early days, and endeavor to show the effect that research in science has had on not only industry but on so-called civilization. Present day research and its possibilities, and probable effect on some present industries will be discussed, and samples of new products, which a few years ago were considered to be "too theoretical" for warrant consideration, will be exhibited.

Hours: 11 to 12 a.m., 1:30 to 5 p.m.
Phone: 466. Office, 4541.

Annual Vestry Meeting Of All Saints' Church Hears Cheering Report

Building And Organ Funds
Will Likely Be Reached
During 1938

At the annual vestry meeting of All Saints' Parish on the evening of Tuesday, February 8, there were present about fifty parishioners. The rector, Rev. H. C. B. Gibson, presided, and at the outset reviewed the work of the past year. Among the statistics were: 28 baptisms, 30 confirmations, 20 weddings, and 10 funerals. There were rather more than 400 communicants. On Easter Day there were 374 communicants present at communion.

Feeling interest was made of the passing of Right Reverend Alexander J. Duill, First Bishop of Kootenay. The rector stated that the matter of diocesan and parish memorials was under consideration. The various parochial organizations were warmly thanked by the rector for their splendid co-operation and for the far-reaching results of their activities. The rector welcomed Miss Bertha Cocks Johnston as parish worker in succession to Miss Margaret Garnett, who returned to England last year.

The People's Warden, W. F. Laidman, reviewed the building fund and organ fund, and expressed the firm conviction that, by special efforts, the goal of these funds would be completely discharged by the end of the year.

The mortgage on the buildings, he said, was now reduced to \$800 and only \$450 was owing. Prior to the fire which destroyed the church on September 8, 1931, there was a mortgage on the rectory of over \$1,500, which has been paid; and now only about \$1,350 is owing on everything connected with the splendid new church.

The subject of Bible reading in the public schools was referred to by P. A. Gorse, of Salmon Arm, and the hope was expressed, especially in the light of the present restrictions may be removed.

OFFICERS FOR 1938
Rector: W. F. Laidman. Lay delegates: People's Warden: W. F. Laidman, re-appointed. Parish Committee: L. R. H. Hart, P. S. Sterling, A. Judge, C. J. Hurd, J. H. Reader, S. H. Northcott, W. J. Reid, J. A. Gorse, P. F. W. Laidman, Lay delegates to Deanery Conference and Synod: H. G. Greenwood, C. J. Hurd, N. F. Turnbridge, substitutes: W. F. Laidman, E. B. Townrow, and G. H. Hanksy. Auditors: E. H. Barry, re-appointed. Organization reports were presented as follows:

Parochial Guild, Mrs. L. R. H. Nash; Woman's Auxiliary, Senior and Junior; Church Boys' League, and Little Helpline, P. F. W. Laidman; St. George's, Bernard and Ernest, of Sugar Lake, killed a large cougar last week at Mabel Lake, measuring ten feet, one inch from tip to tip.

Five words to the wise are "take chiropractic spinal adjustments first." When chiropractic was only tried after everything else had failed. In thirty-two years it has built up a marvellous record of results with cures pronounced incurable.

No health matter ever had a tougher assignment, and that chiropractic succeeded in the finest tribute in the world to its sound scientific basis as a means of restoring the conditions of health. It is beyond the trial stage.

My Chiropractic Health Service established in Vernon 18 years, embraces the latest in technique and office equipment.

PEACHLAND RESIDENT FOR PAST 30 YEARS, A. J. MILLER, IS DEAD
PEACHLAND, B.C., Feb. 14.—An old-timer of this district, A. J. Miller, died in the Summerland Hospital on Sunday evening, February 8, at the age of 79 years. He was born in Scotland and came to Peachland about 30 years ago. Mr. Miller had many friends throughout the valley. In company with his wife, who pre-deceased him in 1935, he toured Okanagan lake in a motor boat every summer and was a keen fisherman. Prior to his marriage in 1917 to Louisa McDonald, he lived on what

D. C. FILLMORE NAMED HEAD OF KELOWNA'S JUNIOR TRADE BOARD

KELOWNA, B.C., Feb. 14.—Detailing the vast amount of work covered by the Junior Board of Trade in the past year, Retiring President Dick Parkinson showed clearly to the 80 members gathered in the Royal Anne Hotel recently that the organization had spent a busy and profitable year in 1937.

With a membership of more than 110, meetings had been well attended, between 70 and 80 members attending each regular monthly meeting, while the executive met weekly to cover the more detailed work of the Junior board.

Guests of the Junior board were President W. C. Bennett, of the Kelowna Board of Trade, and Gert. A. Macdonald, of the Kelowna provincial police.

Donald C. Fillmore was the unanimous choice of the big meeting to succeed Mr. Parkinson as president of the board. According to the constitution, a member may not hold one office for more than two years, and since Mr. Parkinson had headed the group since its inception in 1936, he was automatically placed as past president and an ex officio member of the executive.

PEACHLAND MAY JOIN WEST KOOTENAY LINE

Hook-up May Be Arranged
Between Both Peachland
And Westbank Areas

PEACHLAND, B.C., Feb. 12.—A Municipal Council meeting was turned into a public meeting when a large crowd attended to hear D. C. McMyrn, of the West Kootenay Light & Power Co. Ltd., speak on Wednesday afternoon.

Mr. McMyrn said that he was unable to state definitely if his company would consider it worth while to hook up with the Westbank at the present time. Westbank alone he stated, did not have enough revenue to warrant line extension, but there was a possibility that the combined places might make it worth while. The rate in use in similar districts was higher than the meter rate set here, and he considered that Peachland had been enjoying very cheap light.

The feeling, as expressed by Reeve Gurnow, was that the company would be asked to take over lines, distribution and collections rather than have the Council buy the power and retail it to the users. Mr. McMyrn promised to communicate with the Westbank head office and present its findings to the Municipal Council as soon as possible.

School Board estimates for the year which included \$1,200 for heating the plant, were returned to the Board for revision. The extra rate of four mills required to instal this plant was considered too much for one year.

VALENTINE TEA
The Valentine tea held by the Women's Institute on Friday afternoon took the form of a book tea and Miss Muriel Page, of the Okanagan Union Library, addressed the ladies on the subject of books. She also spoke of the difficulties which the library is facing in getting enough books so that the demand for new fiction could be more readily met.

Contests were held with books and home made Valentines. Mrs. R. Nourse sang a solo, accompanied by Miss M. Coldham.

Very few changes and all of a minor nature were made at the Court of Revision held on February 8. Five appeals were considered, all from Vancouver district.

Reports were read from Miss Gowan and officers of the Peachland-Westbank branch of the Victorian Order of Nurses at their annual meeting held February 8. Mrs. R. Reddon and Mrs. E. Nourse were new members elected to the board while Mrs. W. D. Miller, Mrs. A. C. Vincent, E. H. Bowering, and W. B. Sanderson were re-elected.

WAR VETERAN DIES
G. F. Farnough, a war veteran, who has been receiving treatment at the Bhaughness Military Hospital, Vancouver, for several months, passed away at that institution on Saturday morning, February 12. Born in England fifty years ago, he served with the Canadian Expeditionary Forces. With his wife and daughter, Dorothy, he moved to Peachland six years ago and has been subject to periodic attacks that confined him to bed for long periods. During his stay here he made many friends throughout the district and was active in the Canadian Legion of which he served as president for several years.

Many visitors attended school during "Education Week" and observed pupils and teachers at work. On Wednesday evening the physical side of the education work was demonstrated by an indoor track meet in which E. H. Bowering, of the High School, and M. Barwick, of the Public School, took charge of races and games with a few exhibition groups of physical education.

TO IMPROVE HALL
Plans for the further improvement of the Athletic Hall were discussed at the first meeting of the new executive held at the home of Mrs. T. Twine, on Thursday evening. It was decided to get more lumber to line the hall throughout and to fill the wall space with shavings for warmth.

Ted Topham was elected president with A. McKay, vice-president, and H. McNeil, secretary-treasurer. A court wheel drive was held by the Canadian Legion on Friday evening, February 11, and was well attended. Prizes went to Mrs. O. Keating and Mrs. A. McKay, C. Duquemin and A. Ruffie.

SCHOOL INSPECTOR OCCUPIES PULPIT IN ARMSTRONG CHURCH

A. S. Matheson Points Out Importance Of Keeping Sabbath Sacred
ARMSTRONG, B.C., Feb. 16.—A. S. Matheson, inspector of schools, was guest speaker at Zion United Church on Sunday morning, February 13, and gave a most instructive address on "Education."

At the outset of his address Mr. Matheson reminded his hearers of the importance of the Sabbath day being kept sacred and of both speaker and people worshipping reverently in the sanctuary. He pleaded for the co-operation of school, church and home in the education of the young. "Each one is important in the training of the young," he said, "and one cannot get along without the other in preparing for the kind of citizenship, the christian citizenship, which is useful to the community and the nation as a whole."

As education was his field, he said, he would deal with the present day contribution made by the educationalists. He reminded parents that often they made the mistake of thinking of school in terms of their own childhood days when conditions were much different from what exist today. He said teachers welcomed the parents visiting the school room so that they could see what was being done. The great shift in emphasis was from subjects to the individual and the encouragement of the expression of the child's capabilities to fit him for the place in life, especially in relation to the development of good character.

Mr. Matheson concluded by saying that although he was not a pessimist he sometimes had grave misgivings over the fact that people approve of good ideals and commend reform, but do nothing to bring about change.

CRIBBAGE TOURNAMENT ROUSES KEEN INTEREST

The local cribbage tournament is rousing greater interest as it continues and a close rivalry is apparent among all the teams competing. They are all bunched close together on a point basis, though the Legion members, with one more game played than any of the others, have an advantage in points at present. The Freeman would really seem to be the liveliest contenders for the honors. The closest match so far was between the Freeman and the Legion, which the former won by the very scant margin of two points. The points at present are listed as follows: Legion 7,172; Freeman 5,503; Men's Club 5,340; W.O.W. 5,337; I.O.O.F. 5,324.

PEACHLAND RESIDENT FOR PAST 30 YEARS, A. J. MILLER, IS DEAD

PEACHLAND, B.C., Feb. 14.—An old-timer of this district, A. J. Miller, died in the Summerland Hospital on Sunday evening, February 8, at the age of 79 years. He was born in Scotland and came to Peachland about 30 years ago. Mr. Miller had many friends throughout the valley. In company with his wife, who pre-deceased him in 1935, he toured Okanagan lake in a motor boat every summer and was a keen fisherman. Prior to his marriage in 1917 to Louisa McDonald, he lived on what

is now the W. D. Miller property at Camp Helena, but took up his residence in town soon after he was married.
He was an active worker in St. Margaret's Church, which his health permitted, and was always interested in community affairs. Two brothers, Oliver and Jim, survive him.
In failing health, he was taken to the Summerland Hospital in December.
Funeral services were held from St. Margaret's Anglican Church on Wednesday, February 9, with interment in the Peachland cemetery. The Rev. H. A. Bolly, a close friend of both Mr. and Mrs. Miller, took charge of the service.

CANADIAN STATESMEN CANNOT MISTAKE CONSEQUENCES

COLLISION of California citrus fruits and Okanagan apples on the Canadian markets during January, February and March, 1938, is likely to prove bad business for everybody connected with the fruit industry. California is marketing the largest crop of oranges that ever came out of her groves. The Okanagan is marketing a crop of wonderful apples also of record size. During January, February and March, the citrus fruits enter Canada duty free. Surpluses weaken sales prices and with California oranges selling at from 13 cents to 17 cents a dozen laid down in practically all Canadian centres, the prices at which the Canadian fruit growers need to sell apples in order to get back cost of production appear impossible of attainment.

No one need remind the grower that such a condition portends a major disaster for him.

This is the situation. Apples in storage in Eastern Canada may not bring prices sufficient to pay freight and other charges. The movement from the Okanagan is not of sufficient volume to clear the crop no matter what the prices are to be.

In the situation which has developed so acutely within the last few weeks, an effort is being made to induce the Canadian railways to lower freight charges. The railways have responded by offering to restore the former emergency rate. They are being pressed to do more than this.

There is only one feature of the present situation which appears to offer any relief and this is a minor one. If there had to come a head-on collision between California oranges and Canadian apples, Okanagan fruit growers should thank whatever gods there be, that it came in a year when the Canadian, British and United States governments are considering changes of the Imperial preference and the possible abandonment of the anti-dumping duty.

California orange growers can leave a portion of their fruits on the trees and thereby escape heavy costs, but the Canadian apples have incurred most of the expensive operations of marketing. The consequences of impairment of the British preference and a lowering of the anti-dumping duties are plain, so plain that surely even a politician cannot escape their implications.

If there is any serious tinkering with tariff policies which will force Canadian apple growers to incur all the higher cost of operation and then to market their apples under threats of a dump of a small percentage of American apples and citrus fruits, the consequences are plain to see.

FRANK PATTERSON'S DEATH IS A GREAT LOSS TO PROVINCE

THERE is province-wide regret at the passing of Frank Patterson, M.D., and leader of the Conservative party in British Columbia. As a man he covered a kind heart with the gruffest of mannerisms, timid lest he should expose his open-handedness to exploitation. As a bone specialist, by dint of study and research he reached the pinnacle of his profession. Ruthless and violent he uncovered the truth where it was hidden from others who had not the same simple directness of approach. His reputation was nation-wide and there are thousands who suffered much pain at his hands, but who live to call him blessed.

It was as a public man, as a politician, that he won most approval. Taking over the leadership of a bankrupt party, beaten, baffled and disorganized, he laid foundations which, if built upon, will quickly restore public confidence. His policies were so simple and so direct as to astound most people and to cause them to wonder if he would have the strength to put them into effect. Warned during the last election of a serious heart condition, he refused to take a breathing spell but gave to his public duties the same complete devotion which in surgery won him wide recognition. Of Frank Patterson it may be truly said that he laid down his life for his country.

The political effect of his passing will be very great. A new leader must grasp the torch his falling hands relinquish. He must have the same quality of vision, the same disregard for convention and a breadth of view which will enable him to make safe the highway for which Frank Patterson was so magnificent a trail blazer.

"A NEW HIGH IN SILLINESS" BACK IN QUEBEC

UNFAIR, unconstitutional, stupid, and violating its own premises and objectives.

With these words, R. L. Calder, K.C., of Montreal, vigorously criticized the Quebec "padlock law" a few days ago, when he spoke before the Queen's Branch of the Canadian Students' Assembly. He said that the law "shatters the corner-stone of the British Constitution."

Such strong language, used by an outstanding lawyer, stimulates curiosity. What sort of situation has arisen back east?

Nearly everyone, it is safe to presume, has heard of this piece of legislation. The Duplessis government passed it with the intention, as it was explained, of stamping out Communism. But it transpires that this law leaves citizens without recourse to the courts. Under the terms of the act there is no disclosed accuser, no written charge, no opportunity of defence, only the clapping of the padlock on the house.

Mr. Calder, emphatically, is no Communist. But, as he declared in his address: "The issue is not the triumph or defeat of Communism, but rather the triumph or defeat of democracy."

Our French-Canadian friends in the east are frequently very aggravating. But this act might be regarded as "a new high in silliness." Bear in mind the

"Evening Star"

Many evenings have I watched the evening star
Drop down behind the hills—heard the sigh
Of its last moment, clasped in the arms
Of a tree's good-night—
Then suddenly—out of sight.
Leaving a blue loneliness—
A pale sorrow in the western sky,
And in the heart. But why?

Is it the dying of another day,
The slipping of another link
In the endless chain of time,
That is the earth's great sorrow?
Or is it when the light goes,
Like a life—or a dream—into quiet nothingness,
That we halt for a moment—hushed—
Adjusting, abridging in anguish,
The little stream that flows
Between this day and to-morrow?

Vernon, B.C.

HELEN G. ALLEN

fact that a certain minister without portfolio in the Duplessis government some time ago explained that Communism was purposely left undefined in the act "because only five people in Canada know its meaning and because we want to reach thousands of people who are Communists without knowing it."

This is the sort of brain matter that prompted seizure of a certain magazine in Montreal some months ago, because it had shown pictures of bombing in the Spanish civil war—bombing inflicted on the loyalists.

And here's the final touch. Even some of the works of Charles Dickens have been seized at some points. Believe it or not, this has actually happened. And in Canada!

Perhaps we need not be so very worried about it all. If the Quebec government, in its quixotic tilting against a windmill, keeps on at the present pace, the likelihood is that it will become a harmless laughing-stock. Perhaps that is the best way to deal with a problem such as this. Laugh at it rather than get hot under the collar. But there lurks in this movement a dangerous seed. The freedom of the press and the home has been deliberately flouted in a Canadian province. The properly elected legislature, it is true, passed this act. But there are limits beyond which even a legislature cannot go. The Dominion demonstrated that fact in the case of Alberta, Canada's other chief contender for nonsense honors. And now it is reassuring to note that Minister of Justice Lapointe has announced that the Dominion is considering disallowance of Quebec's absurd and perverse "padlock" law.

VALUE OF EGGS AS A FOOD IS OFTEN OVERLOOKED

GREATER consumption of eggs is desired by the Associated Boards of Trade of the Fraser Valley and lower mainland. Recently the Boards of Trade in that area have been considering the question and now they have come forward with the suggestion that there be a federal campaign urging greater consumption of eggs.

The Dominion Government lent aid to stimulate the use of fish as a food and the fishing industry and those more or less dependent thereon derived considerable stimulus and are still benefiting thereby. The production of eggs is one of the activities on most Canadian farms. There are small or great flocks almost everywhere in the North Okanagan and if the slump in consumption can be halted through calling attention to the healthful value of eggs as an article of diet, great good will result.

It has been pointed out in the Fraser Valley where the raising of poultry for egg production is of major importance, that egg consumption is down three million eggs daily, representing a value of fourteen million dollars a year. Canadians eat one million eggs less a year than they did ten years ago.

A great many persons will say that if egg consumption is falling it is for the egg producers to devise ways and means of stimulating consumption. This may be true but it is not possible. Today people are using advertised goods to an extent undreamed of ten years since. The advertising of eggs is left to the handlers who are the food stores in every village, town and city. The margin of profit is negligible, therefore advertising is not great. There are no processors collecting a toll and organized and able to institute and carry advertising.

The Associated Boards of Trade of the Fraser Valley has instituted a campaign to secure assistance in the only quarter from which it can come and every person engaged in mixed farming or the promotion of public health in Canada should be sympathetic.

Fruits from foreign lands are widely advertised in Canada. There is a tremendous increase in consumption partly on the grounds of health. A visit to the lands where they are grown does not show the people there to have any more stalwart stature or robust health, than our own Canadian people. A continuance of the dependence hitherto placed on Canadian grown foods including apples, vegetables, fish, eggs, meats, milk is indicated as a sane and healthful course.

ANOTHER "APPLE WEEK" TO BE HELD IN FALL

SO satisfied was the B.C. Products Bureau of the Vancouver Board of Trade with the "Apple Week" it promoted recently that it has decided a job well done is very well worth repeating. An executive meeting was held last Monday and at that time it was determined to make "Apple Week" one of the Board's major efforts, on a permanent basis, and to stage another similar promotional effort next fall. Okanagan people will be delighted to learn this. If the good work continues Vancouver may develop a valuable "apple consciousness" the year round.

"IF YOU HAVE VANQUISHED YOUR INCLINATION, RATHER THAN YOUR INCLINATION YOU, YOU HAVE THAT OVER WHICH YOU MAY REJOICE."—PLAUTUS.

So You Don't Think So?

From The Vernon News Files

Vernon defeated Merritt here Saturday night 6-4 and thereby won the Intermediate hockey championship of the Okanagan. In the opening game the teams played to a 1-1 draw. A civic banquet is planned for the champions. Including the finals, Vernon played five games in six days, said to be a record for amateur hockey. The West Canadian Hydro Electric Corp. Ltd. plans erection this year of a large business block on Barnard Avenue. A supply of serum for use of those bitten by rattlesnakes will be kept in this city, according to the Government Agent, Col. R. Ross Napier. The Vernon School Board's estimated expenditure of \$63,990 for the current year were accepted by the City Council on Monday evening. The amount is an increase of less than \$2,000. Salary estimates are \$40,000. A new independent shipping firm, Lander Co. Ltd., has leased the plant of E. C. Skinner Co. Ltd. A. C. Lander, head of the new firm, comes to the valley from Calgary.

Word has been received in this city that Lieut. R. B. Nunn, Wessex Brigade, R.A.F., has been awarded the Military Cross. A member of the Vernon police force at the outbreak of war, he immediately left for Overseas service. The bee keepers of the Okanagan met in the Farmers Institute Hall here on Thursday of last week for the purpose of forming their own association. Rev. Mr. Vans, of Lavington, was elected president and G. R. Venables, of Vernon, secretary-treasurer. John Casorso, of Kelowna, who was some years ago dubbed with the title "union king" of the Okanagan, was a visitor to this city this week. There is a serious food shortage in Great Britain. The total available supplies in sight for the present year are not over 88,000 tons per month, which is 30 percent below 1917. A largely attended meeting was held in the Board of Trade room this week, when a speaker from the Y.W.C.A. outlined a plan to place 2,000 young women and girls at work on farms and orchards in British Columbia.

TWENTY YEARS AGO
Thursday, February 21, 1918

The bee keepers of the Okanagan met in the Farmers Institute Hall here on Thursday of last week for the purpose of forming their own association. Rev. Mr. Vans, of Lavington, was elected president and G. R. Venables, of Vernon, secretary-treasurer. John Casorso, of Kelowna, who was some years ago dubbed with the title "union king" of the Okanagan, was a visitor to this city this week. There is a serious food shortage in Great Britain. The total available supplies in sight for the present year are not over 88,000 tons per month, which is 30 percent below 1917. A largely attended meeting was held in the Board of Trade room this week, when a speaker from the Y.W.C.A. outlined a plan to place 2,000 young women and girls at work on farms and orchards in British Columbia.

THIRTY YEARS AGO
Thursday, February 20, 1908

The Okanagan Board of Trade, at a meeting here on Friday evening, suggested that all Boards of Trade in the valley and adjacent areas form a union. A meeting of residents of that part of the city bounded on the east and south by Swan Lake creek was held last week for the purpose of selecting a name for their particular district. South Vernon has been the recognized name for that section, but it was thought that a more distinctive title could be given. There were many supporters for the name "Meadowdale" but final selection was "Riverside." Some lover of statistics has discovered that only twice again in the present century will there come a February containing five Saturdays. The Orange Grand Lodge is meeting this week in Armstrong. Directors of the Okanagan Agricultural Society met here last week to make preliminary arrangements for the fall fair. It was decided to abandon the project of having one central fair in the valley, and to concentrate on the local show.

J. J. Hull told the City Council this week that he wants \$125 to relinquish his contract to erect a City Hall. The matter has been left in abeyance. Friends of the Governor-General, Lord Aberdeen, in Montreal have been saying that if he wishes another year's work in Canada after conclusion of his regular term, he can easily obtain the necessary permission. A large audience assembled in Cameron's Hall on Thursday night in response to the invitation of the promoters of the W.C.T.U. in this city. A local union was formed with Mrs. Clark the first president, and Mrs. French, treasurer. Mr. and Mrs. O'Keefe gave a delightful dance in their spacious home near the head of Okanagan Lake last week, and more than eighty guests assembled. Considerable complaint has been heard regarding the railway crossings in the city. A plank has been taken out of each crossing, leaving the road in a rather dangerous condition.

FOURTY YEARS AGO
Thursday, February 17, 1898

There are plenty of people willing and even glad to stay at home of evenings with a good book. Those whose ideas of pleasure run to such amenities as milk chocolate can testify that Shanghai has never let them down in that respect, come war or come peace. Hongkong is a great place for reading and munching milk chocolate after dark, but it had all better be done at home for 9 o'clock in the evening is the "deadline" for touring the shell-scarred streets. At 10 o'clock the police station shuts its gate and even policemen have to get off the streets along with the rest of the civilian public. In theory, emergency calls might be answered—but for many a month the Settlement police in this area (when they were in this area, which has not been constantly) have done little but patrol. Sikh policemen imported by the British from India are on traffic duty by day, but they confine their efforts to indicating the general situation at street corners. Parking on the wrong side of the street is precisely all right, as is parking in front of fire plugs or anywhere else. For the traffic consists virtually wholly of Japanese, in uniform or out, and the Sikhs are not looking for trouble. Hongkong markets stock every variety of food but the shops are Japanese. Former Chinese shops have Japanese behind the counter. Change is not given in Chinese money, but in Japanese yen and sen. Exchange is around 100 Chinese dollars to 103 yen.—Christian Science Monitor.

COUNTRY KITCHEN
Our house did not boast a dining-room. Usually we ate at one end of the large kitchen—the end where two windows let in a stream of sunlight. The kitchen was a large, exceedingly pleasant room. The floor was bare except for braided rugs before the stove and work table, with another at the sundried window, where stood my mother's rocking-chair and sewing basket. I do not remember much about the walls, except for the large map of the world hanging behind the table where we usually ate, and across from where I sat. A map on which I learned my letters and across whose green waters and pastel lands I dreamed countless miles in silent dreams. In such a room as this, inconvenient, poorly equipped for the work to be done in it, arranged with absolutely no thought to saving steps or labor, freezing cold in winter, until the morning fires were lighted, hot in summer, until the stove was allowed to cool off in late afternoon, but homely in comfort with cheerful even charming atmosphere—there was cooked the food which, as I think about it, still makes my mouth water.—From "The Country Kitchen," by Della T. Laiten, (Boston: Little, Brown).

HISTORY'S UNLEARNED LESSON
(From the Meaford Mirror)

A cynic remarks that the one lesson that men learn from history is that men learn no lesson from history.

Conservative Leader Passes
Balanced Budget Unlikely
No Munitions Ban Adopted
Suggest A Canadian Flag

Dr. Frank P. Patterson, leader of the British Columbia Conservative party and the official Opposition in the British Columbia Legislature, died at Vancouver on Thursday night of last week, February 10, in St. Paul's Hospital. He had been in indifferent health since the last session of the Legislature and two weeks ago he entered the hospital, where he underwent an operation. A second operation was performed on Wednesday last, but the patient failed to rally. His death came as a great shock to a wide circle of friends in all walks of life.

DR. FRANK PATTERSON

Born in New Brunswick sixty-one years ago, Dr. Patterson was educated there and at McGill University. For one year after graduation he practised in New Brunswick. Then he came West and for about three years he practised at Extension. From there he moved to Trail, where he built up a large practice. In 1909 he came to Vancouver, engaging in general medicine until the outbreak of the war. He went overseas with the Irish Fusiliers as medical officer, and in England transferred to the Royal Canadian Army Medical Corps. In 1936 he was elected Provincial leader of the party and he devoted a great deal of his time and money to put the party in shape for the next Provincial election. In 1937 he was elected as member for Dewdney to enter the Legislature with seven members, becoming the leader of the official opposition.

Prospects of a balanced budget being announced for the current fiscal year when Finance Minister Charles Dunning brings down the country's annual financial statement in his budget delivery this session have vanished, according to Treasury officials. For the ten months ended January 31 the apparent surplus of \$17,000,000 of income over all expenditures indicated a month earlier divided into \$2,500,000. This is despite the fact that all revenues for the ten months were at the unprecedented high of \$437,000,000 for January. A deficit of \$5,467,000 on Canadian National Railways and other expenditures were the principal items which cut down the surplus. The National Railway deficit for ten months stands at \$39,871,000, which sum is not likely to be exceeded by final figures on March 31, the end of the Federal fiscal year.

The Government sought wider control over export of war supplies in a bill advanced in the House of Commons. It was sponsored by Transport Minister Howe. During the committee stage of discussion, Premier Mackenzie King announced Canada would take no steps to prohibit export of munitions to Japan. He said that the Government would not take any such step, Canada, he said, put an embargo on war supplies to Spain as a result of the London non-intervention committee's recommendations, but so far there has been no similar international action relating to Japan.

Prime Minister Mackenzie King and Rt. Hon. R. B. Bennett, leader of the opposition, are both in agreement on at least one issue. This week they threw their support behind a motion to establish a house committee to study the advisability of adopting a distinctive Canadian flag. The motion was sponsored by O. R. McIntyre, an Ontario Conservative who argued that this step might be considered by the outside world as a measure of cleavage from the British Empire. Canada is the only Dominion in the British Empire unable to fly a distinctive flag," replied the Prime Minister.

Abolition of Canadian protective duties at this time would disrupt Confederation, Labor's Rogers told the House of Commons last week in advocating moderation in tariff policies. Speaking in the address debate, the Labor Minister quoted relief figures to show improvement in the past year. Indicating a healthier national outlook, Mr. Rogers said the number of Canadians receiving unemployment benefits had decreased 23 percent between October, 1936, and October.

The Saskatchewan Government soon will introduce in the Legislature a bill to redistribute the provincial electoral divisions. The bill would reduce the number of members from 55 to 43. Attorney-General T. O. Davis said in the House.

Five miners were crushed to death between the shaft timbers and the skip carrying them and ten companions to work on the 900-foot level of the International Nickel Company's Levack mine, thirty-five miles north of Sudbury, Ont.

OLIVER V.O.N. STILL IN NEED OF FUNDS

OLIVER, B.C., Feb. 12.—Help for the bankrupt local branch of the Victorian Order of Nurses has been received from several quarters, but the major problem of balancing the budget is still a long way from being solved.

Thirty dollars was raised at a box social held recently by the Testalinda Girls' Auxiliary, another small sum was realized today on a Valentine tea for the benefit of the V.O.N., and a whist drive and dance will be held next week, the receipts to go to the local branch of the order.

In this way the V.O.N. is receiving small cash donations to meet certain petty cash disbursements such as purchase of the license for the nurse's car and other items, but the board of directors have yet to find sufficient guaranteed revenue to make good the annual deficit.

The proposal to raise about \$90 a year by a levy in each of the four school districts receiving health service from the V.O.N. is still under consideration and will be submitted to the ratepayers for their approval.

GREAT GERMAN TENOR HEARD IN "PAGLIACCI"

Richard Tauber, the great German tenor, is now as familiar to cinema audiences as he is to opera enthusiasts. His thousands of admirers will find much to their "heart's desire" in his latest picture "Pagliacci," a brilliant screen adaptation of Leoncavallo's famous opera which is showing at the Empress Theatre on Thursday only, February 24. This show is sponsored by the Kildonan Pipe Band.

Many, no doubt, are familiar with the story of Canio, the good-natured actor-owner of an Italian travelling theatre. He is reviled as the doting but jealous husband of Nedda, pretty and flirtatious, who acts with him in the comedies produced by the troupe.

The acting is maintained on a uniform high level with outstanding performances from Steffi Duna, Diana Napier and Esmond Knight.

PEACHLAND-WESTBANK BRANCH OF V.O.N. IS COMMENDED FOR WORK

Mrs. William Miller Is Returned As President Of The Board

WESTBANK, B.C., Feb. 14.—The Westbank Branch of the Peachland-Westbank Board of Management of the Victorian Order of Nurses held its annual meeting in the Community Hall on Thursday, February 10, with a fair attendance. The President, Mrs. William Miller, presided, and gave a comprehensive resume of the year's work in her excellent report. Other reports showed a great deal of work accomplished, the financial report showing a favorable balance at the end of the year, of \$511.32.

Miss M. McQuail, Western Supervisor for the V.O.N. who spent several days here recently in an official capacity, expressed herself as satisfied with the progress of the work in this district.

The nurse, Miss M. McGowan, V.O.N., gave a splendid report which received hearty applause, as the nurse was commended for the untiring manner in which she discharges her duties. Her report showed that a total of 2,176 visits had been made during the past year, many of them of course having to do with preventive work among the children. It is hoped this year to organize a dental clinic, which will prove of inestimable value to the children of the district. Well-baby clinics are held at regular intervals, with Dr. G. A. Cotnam in charge.

The Board of Management consists of a joint board of Westbank and Peachland members, who, while they work together, carry on activities separately in each community to raise funds for the Order.

H. C. Last was asked to take the chair at the close of the past year's business. Nominations received for the 1938 Board were Mrs. A. Hoskins, Mrs. G. W. Stubbs, Mrs. S. K. MacKay and Messrs. W. J. Stevens, A. E. Drought and J. W. Hannam, the members being given power to elect their own officers. After adjournment of the meeting, the new Board retired and appointed their officers as follows: Honorary President, Mrs. R. A. Fritchard, Westbank; President, Mrs. William Miller, Peachland; Vice-President, Mrs. A. Hoskins, Westbank; Secretary, Mr. Bowering, Peachland; Treasurer, Mr. Sanderson, Peachland; Transportation committee, Messrs. Stevens, Hannam, Drought, Bowering and Sanderson.

WORK OF PUPILS IS DEMONSTRATED BEFORE PARENTS OF RUTLAND

RUTLAND, B.C., Feb. 14.—Friday last, February 11, was "Parent Day" at the Rutland school and about seventy parents took advantage of the opportunity to see the pupils at their studies. A normal day's work was shown, rather than a special display of any nature. The walls of the rooms were, however, adorned with some of the best work of the pupils in drawing and other subjects. Grades 8, 9, and 10 served afternoon tea to the visitors.

The Welfare Club held an enjoyable card party on Friday evening in the small room at the Community Hall, some fifty persons attending. Bridge, both contract and auction, and "500" were played, the following being the prize-winners: contract bridge, Mrs. F. Snowdon; auction bridge, R. M. Bird; "500", W. E. G. Hardie.

The regular monthly meeting of the Women's Institute was held on Wednesday afternoon, February 9. Arrangements for the annual hospital and party were discussed, and a convener appointed to arrange a committee representative of the various community organizations. The speaker for the afternoon was Dr. Ross Currie, the dentist who is conducting the clinic for school children in the district. This clinic is sponsored by the local Institute. Dr. Currie described his experiences in the Peace River country, and also made a strong plea for treatment of pre-school age children in the clinic. At the close of his address tasty refreshments were served. The next meeting will be held on March 17 and will be a "St. Patrick's Tea."

The Adanacs Baseball Club got away to a very early start for 1938 by holding their annual meeting on Monday, February 7. In spite of the fact that it is a long way from being baseball weather, there was a good attendance, and officers were elected as follows: President, A. W. Kelly; Vice-President, John Hodder; Secretary, Andy Kitch. The club operated a team in the Central League, and financed the Rutland entry in the Southern Okanagan League on a gross revenue of \$200. This sum was a little short of the amount needed for expenses and arrangements were made to hold a dance later this month to clean up a few outstanding accounts.

WOMEN'S INSTITUTE AT OYAMA IS GIVEN TALK ON CURRICULUM

OYAMA, B.C., Feb. 14.—The February meeting of the Klamathka Women's Institute was held recently at the home of Mrs. Roy Enderby. Over 20 members were present.

The usual business was conducted, and reports from several committees were laid before the meeting. A wool-crafting machine has been purchased, and may be rented out to any member of the community desiring it. The programs for 1938 were distributed.

'Home Sweet Home' Sampler by Mayfair

Mayfair Needle-art Design No. 365 True it is that "wherever we may roam" our thoughts are happy when they turn to home, and home is a pleasant place indeed when loving fingers fashion such quaint and restful wall decorations as this lovely cross stitch sampler. Use black thread for a silhouette or colored threads if you prefer a brightly hued picture.

The pattern includes a transfer of the design, complete instructions for embroidery and finishing, color suggestions as well as detail chart. New transfer may be used on dark or light material.

Send 20 cents in stamps, postal note or coins to The Vernon News Needlework Department.

'Ten Per Cent Of Japanese People Dominate Nation'

Miss Helen Hurd

"Great Masses Have Been Forced Into Conflict Against Their Will"

That the great masses of the Japanese people have been forced into the present conflict with China, much against their will by the small military clique, was the highlight of a stirring address given before members of the Rotary Club on Monday last by Miss Helen Hurd, for 25 years a missionary and teacher in Japan, who is now on furlough. Miss Hurd is at present visiting here, the guest of her sister, Mrs. A. S. Hurlbut, who was present at the luncheon on Sunday morning. Miss Hurd spoke in the United Church.

"Ten percent of the Japanese want war, want to subjugate and rule the other ninety percent, and are doing it because they have guns," Miss Hurd declared. Reminding her audience of the powerful force exerted by propaganda, as evidenced in this country by the wave of hatred against Germany in the Great War, she asked for tolerance of the Japanese. "If they are carried away by propaganda, don't blame them too much."

While in Vernon she had been told that Christianity had failed in Japan, that its influence did not prevent the horrible conflict in China. "I don't know if there are any other people here as narrow as that," she asserted, "but I would like to say that Christianity has only been in Japan for seventy years. It has had its chance in Italy for 2,000 years. I leave it to you to judge if there is anything to choose between Ethiopia and China."

The major part of Miss Hurd's remarks dealt with events of the past 15 years in Japan, showing how world happenings have influenced the course adopted in China today. Rebuilt from the ashes of the great earthquake and fire that ravaged it some 15 years ago, Tokyo is today one of the finest cities in the world. It compared favorably with great capitals such as Paris, London, New York. It has parks, theatres, stadiums, wide and beautiful streets. Newspapers have the largest circulations of any in the world.

Dismissing for a moment from her main theme, Miss Hurd told of a visit of a Canadian rugby team to Japan. She had witnessed the match and seen the little brown men over whom the opponents, who had been feted, praised, and who broke training rules.

"They let their country down," she said, "It was not a pretty sight. You can't get a Japanese to do that."

Continuing, the speaker took her audience back to the World War period. The Japanese, especially the Christians, were horrified at the war. They asked themselves if these European nations were really Christian, as they had been led to believe. The post war period opened up a grand new future, everyone believed, including the Japanese. The world had been "made safe for democracy" the nine-power pact was signed. Then came the earthquake. From all over the world poured messages of sympathy and help. The Japanese were immensely pleased and touched, they felt they were part of the nations of the world.

Then, "slap on top of this" came the United States law totally prohibiting immigration. All through the country there was a wave of intense anti-Christian sentiment. "You could feel it even in the churches," she said. "From that time on one could feel the pull between two trains of thought—democracy and narrow nationalism—and they have been saw-sawing back and forth ever since."

WESTBANK INSTITUTE HOLDS QUILTING BEE

Splendid Display Of Work Is Presented By School Pupils

WESTBANK, B.C., Feb. 14.—The January meeting of Westbank Women's Institute was held at the home of Mrs. T. B. Reece, on Tuesday, February 8, with a splendid attendance of members and friends. The meeting took the form of a quilting bee, and though many present had never before done any of this work, all were most willing and anxious to learn, so that quite a lot of work was accomplished before tea time.

The business of the meeting was carried on by the President and Secretary, while the rest worked with their needles. Letters were read from Mrs. L. L. Howlett, who is a patient at Tranquille, thanking the Institute for their part in the gift sent to her at Christmas, and from Mrs. J. Ingram thanking the ladies for the new bank account started last year for her little son, who was a Coronation year baby. Other Coronation babies in the district have also received this gift from the Institute.

One member offered a prize of \$5 for the purpose of raising interest in another dramatic contest, proceeds to be given to the V.O.N. Several years ago the first one was held, and proved quite successful; and members are in favor of accepting the offer of a prize and will communicate with other organizations in Westbank in the hope of holding a second contest.

EDUCATION WEEK

Last week being Education Week, the teaching staff and pupils of Westbank school were visitors to quite a large number of hosts on Friday. A splendid display of work of all kinds was on view and was duly admired by parents and friends, while some of the pupils rendered a short musical program. This was the first opportunity many had had of seeing the newly-completed classroom, which gives Westbank a four-roomed school. The visitors realize that the community has a school and staff of which she may well be proud.

Miss Mavis Fenton entertained a group of young friends and school-fellows at a party at her home on Friday, February 11, when dancing was enjoyed until past midnight. The Community Club held a successful whist drive in the Hall on Friday, February 11, when nine tables of players enjoyed a pleasant evening. Prize-winners were: Ladies first, C. Hoskins and F. Poynter; men's first, Frank Jones and R. Morrison; while D. Rolke, M. Rolke, V. Currie and G. Currie were found to have the lowest scores and were accordingly presented with the consolation prizes.

BASKETBALL

The girls' and boys' basketball teams of Peachland and Westbank met on the floor of Westbank Community Hall on Monday, February 7, for two games, both of which turned out to be lively ones, with the visitors the victors in both cases. In the game the home team fought a good battle, the score remaining fairly even until toward the end, when the visiting team forged ahead to a finish of 11-8. The girls played roughly all the way through, and at times the play was quite exciting.

The Westbank boys fought well, scoring higher during the first half, but in the second half they lost out as did the girls before them. The game finished with a score of 26-32. Line-ups: Peachland girls—Miller, Topham 2; Ekins 2; MacKay 2; Fuls 2; Ducasquin 3. Total 11. Westbank girls: Lundin; O Dobbin; F. Dobbin; Paynter 3; Cross 1; Rolke; Currie; Norris; Fenton 2. Total 8.

Peachland boys: Miller 3; Ekins 11; Gillam 6; Bowering 11; Coldham 1. Total 32. Westbank boys: Jones 4; R. Drought 2; Totin 28; Morrison 11; A. Currie 5. Total 46.

Referees: Bowering, Gummow, and Gelatly.

MRS. KATHARINA KAUS BRIDE OF ADAM BARON

A quiet wedding was performed on February 1, when the Rev. Carl C. Janzow, of the Lutheran Church, united in marriage Mrs. Katharina Kaus and Adam Baron, both of this city. The ceremony was performed at Mr. Baron's home, Kamloops road.

Mr. and Mrs. Jack Schmidt and Mr. and Mrs. Val Kulok attended the ceremony. A reception was held at the home of the bride couple. The guests, numbering about 83, spent a most enjoyable evening, and many beautiful gifts were received.

Mr. Baron is an old-time resident of this city and has a large group of friends throughout this district.

MRS. JOHN MCKAY DIES

ENDERBY, B.C., Feb. 15.—The many friends of Mrs. John McKay will be sorry to hear of her death on Sunday evening, February 13. Mrs. McKay was 61 years of age and has been a resident of Enderby for 33 years.

Before coming to Canada, her home was in Glasgow, Scotland. Mrs. McKay leaves to mourn her death, besides her husband, eight children, three of whom are living at home.

WORKER INJURED

While engaged on relief work on Thirteenth Street, J. Bably accidentally ran a point of a pick into his foot on Tuesday morning last. He was removed to his home and received medical attention.

"THE BOSS SAYS I'M ON THE SKIDS!"

AND THEN HIS WIFE TOOK A HAND

GEORGE, YOU CAN'T HAVE ANY SNAP IF YOU'RE SLOWED UP BY COMMON CONSTIPATION AND THOSE PILLS YOU TAKE ONLY MAKE MATTERS WORSE. I DON'T LIKE TO TAKE THEM, BUT WHAT CAN I DO?

NOW I'M TAKING CHARGE. YOU'RE GOING TO HAVE A LITTLE KELLOGG'S ALL-BRAN EVERY DAY. TOMORROW WE'LL HAVE IT IN SOME DELICIOUS ALL-BRAN MUFFINS. I'M LOOKS GOOD!

SOME TIME LATER

WHOOHOO! I GOT A RAISE TODAY. WHO SAID I WAS A HAS-BEEN?

JUST A "REGULAR" FELLOW NOW!

Kellogg's ALL-BRAN

If you are troubled with common constipation, due to insufficient "bulk" in the diet, Kellogg's All-Bran will make you "regular". Instead of over-stimulating your intestines, it provides two things they lack: First, "bulk"—All-Bran absorbs water and softens like a sponge. This water-softened mass aids elimination. Next, Nature's intestinal tonic, Vitamin "B". Eat Kellogg's All-Bran every day and drink plenty of water. If you do this regularly, you can avoid common constipation and, encephatics, too. Every grocer sells All-Bran. Made by Kellogg in London, Ontario.

WORKER INJURED

While engaged on relief work on Thirteenth Street, J. Bably accidentally ran a point of a pick into his foot on Tuesday morning last. He was removed to his home and received medical attention.

"THE BOSS SAYS I'M ON THE SKIDS!"

AND THEN HIS WIFE TOOK A HAND

GEORGE, YOU CAN'T HAVE ANY SNAP IF YOU'RE SLOWED UP BY COMMON CONSTIPATION AND THOSE PILLS YOU TAKE ONLY MAKE MATTERS WORSE. I DON'T LIKE TO TAKE THEM, BUT WHAT CAN I DO?

NOW I'M TAKING CHARGE. YOU'RE GOING TO HAVE A LITTLE KELLOGG'S ALL-BRAN EVERY DAY. TOMORROW WE'LL HAVE IT IN SOME DELICIOUS ALL-BRAN MUFFINS. I'M LOOKS GOOD!

SOME TIME LATER

WHOOHOO! I GOT A RAISE TODAY. WHO SAID I WAS A HAS-BEEN?

JUST A "REGULAR" FELLOW NOW!

Kellogg's ALL-BRAN

If you are troubled with common constipation, due to insufficient "bulk" in the diet, Kellogg's All-Bran will make you "regular". Instead of over-stimulating your intestines, it provides two things they lack: First, "bulk"—All-Bran absorbs water and softens like a sponge. This water-softened mass aids elimination. Next, Nature's intestinal tonic, Vitamin "B". Eat Kellogg's All-Bran every day and drink plenty of water. If you do this regularly, you can avoid common constipation and, encephatics, too. Every grocer sells All-Bran. Made by Kellogg in London, Ontario.

Coy Cup Fever

VERNON AT FULL STRENGTH FOR FIRST PLAYOFFS

Intermediate Finals In Sports Arena Set For March 3, 5, 7

"Playoff fever"—that strange disease that grips the North Okanagan every year about this time—is again in full swing, and will reach boiling point this coming week end as Vernon Intermediates and Lumby's Flying Frenchmen open their best of three hockey series for the right to represent the valley in the Coy Cup playoffs. Tomorrow night, Friday, the sports arena will be packed with a tense, excited crowd as these two teams, traditional rivals as they are, clash in the opening game. Monday night in the second contest and the third, if necessary, will be here on the following Wednesday, February 23. The three hot beds of provincial intermediate hockey—the Okanagan-Kootenay-Boundary, and Nicola-Bridge River areas—will see their favorites in action within the next week.

Word received from the B.C.A.H.A. is to the effect that the winners of the Vernon-Lumby series will play the Kootenay-Boundary victors, expected to be either Nelson or Grand Forks, in this city on February 26 and 28, total goals to count. In the other bracket, Merritt-Bratton, on the one hand, and the winners of the Vernon-Lumby and Kootenay-Boundary series on the other, Hockey fans will thus be assured of a minimum of five games and a maximum of seven.

For the first game of the playoffs, both the local Blue and Whites and the Frenchmen will be at full strength. Coach Louis Norris reports that his charges will be out to gain

A comparatively unknown winter sport until recent years, skiing has "come of age" throughout all of North America that is covered with snow at this season. In the Vernon district scores of men and women have taken up the sport and may be seen on the surrounding hillsides during each week end. The above view shows a party of enthusiasts preparing for a breathtaking run in the Rocky Mountains.

KELOWNA CAGERS TRIM PENTICTON BY 30 POINTS
KELOWNA, B.C., Feb. 14.—Rising to heights never attained before this season, Kelowna Cagers established themselves as favorites to cop the Interior cage honors, at the Scout Hall on Saturday night, when they whitewashed Pentiction by thirty points, 56-26.

The decided advantage of coping the opener, but Lumby as usual disputes this claim vehemently. Gordon Ruten's cut lip is now mended, Pete Korenko's broken nose and sprained shoulder are not giving him too much trouble, and George Sparrow's sprained thumb is on the mend—this is word from the local's mentor, Bill Gray, whose presence in the line-up last week strengthened the defence, will again be out on the ice after a long layoff.

Vernon And Kamloops High Schools Engage In A Big Sports Program

Locals Win At Hockey While Visitors Take Badminton Honors

To almost anyone attending school, the day of the week looked forward to with the greatest anticipation is Saturday. Saturday, February 12, was certainly no exception. For over two weeks the students of the Vernon High School had been preparing for the impending invasion of Kamloops. High school sports enthusiasts and therefore the day of encounter was eagerly awaited.

At about 10:30 Saturday morning the first bus load of Kamloops and supporters arrived. Two more buses were expected to follow immediately but it was over an hour and a half later before they reached Vernon. An unfortunate breakdown had caused the delay.

Soon after all the visitors had arrived players and supporters alike gathered at the Civic Arena where the first encounter of the day was to take place.

HOCKEY
At 12:30 or thereabouts the hockey teams of both schools skated on the ice for the usual preliminary "warming up" and when referee Pat Murphy finally arrived on the scene both teams lined up to settle the first issue of the day.

The first period began well for Vernon when in the fourth minute of play Fred Saunders scored the first goal of the game, unassisted. Lawrence Kwong followed this up exactly four minutes later by tallying on an assist from Dean McLeod. Then again in the last minute of play Kwong scored to bring the score to Vernon 3, Kamloops 0.

The second period saw no goals scored until the final minutes of play when Saunders took the puck through and scored at the eighteenth minute mark and Simms followed by scoring a minute later. This period almost ended ten minutes too soon when the timekeeper, in the excitement of the game brushed against the bell switch.

At the four minute mark in the third period Kwong once again added a goal to Vernon's tally. The next counter was rather in the nature of an accident when the Kamloops goalie scored for Vernon on an assist from Owen Karn. Karn on an assist from McLehman, netted Vernon its eighth goal. Pepper on receiving the puck from Kwong rammed it past the goalie and Kwong, to finish off a day of brilliant hockey, scored the last goal of the game. The final score was Vernon 10, Kamloops 0.

The Kamloops team although taking the short end of a very one-sided score put up a pretty tough fight and if the team should meet Vernon again in the near future it will probably give the boys a really fast game. As to the Vernon play it is difficult to know exactly what gave them their strength unless it should be Mr. Fulton's Spartan drill.

BADMINTON
After the hockey game the sport scene shifted to the Armory where the badminton teams were to compete.

In the girls' doubles which were played off first, J. Greenwood and J. Oliver of Vernon, defeated D. Wadlinger and I. Cooper, 15-4, 15-11. M. Clerke and N. White of Vernon, defeated M. McLean and M. Dunn, 21-8. Frost and R. Harritt of Kamloops, defeated S. Haggie and W. VanKleek, 21-18.

In the boys' doubles, McQuire and P. Leslie of Vernon, downed J. Leo and R. Kipp, 21-10, 8. Burris and J. Matheson of Kamloops, defeated K. Challen and D. Middleton, 21-15. M. MacDonald and L. Harling of Kamloops, beat H. DeBeck and J. Balthus, 21-13.

In the mixed doubles S. Burris and D. Wadlinger of Kamloops, overwhelmed M. Clerke and M. McQuire, 21-8. M. Frost and J. Leo of Kamloops, also decisively defeated Vernon's N. White and P. Leslie, 21-8. Vernon, however, defeated W. VanKleek and J. Baldwin, 21-2, but then N. Dunn and R. Kipp of Kamloops, downed J. Greenwood and H. DeBeck, 21-21, 8. Haggie and D. Middleton of Kamloops, beat W. VanKleek and J. Baldwin, 21-2.

The afternoon's games wound up with an exhibition game between Stewart Burris and Michael McQuire. After a brilliant display of badminton by both players the game went to Burris with the score 15-6.

Thus the afternoon of badminton ended with Kamloops taking the lead seven games to five. Following the badminton, the

PLAY FOR HENDERSON CUP REACHES FINALS

Curling Club Scene Of Feverish Activity With Many Games In Progress

With temperatures for the past two weeks dipping well below freezing point at night, followers of the "roarin' game" have been making up for the time rapidly as possible and the Vernon Curling Club, scene of many a Homeric battle, has been in almost constant use.

So far only one trophy—the Henderson cup—has been played down to the finals. H. G. Greenwood's rink, which has lost but one game this season, in the Grand Challenge, will meet E. G. Sherwood's rink of Ben Dickinson, R. McLean, and A. Hillier. Mr. Greenwood's players are J. E. Montague, R. A. Grant, and L. R. Stephens, and they defeated J. McLean, skip; Dr. W. W. Strong, Jack Monk, and M. Conroy. To gain the final in their bracket, Mr. Sherwood's men won out from Carl Stevenson, skip; Cecil Reheis, Norman Curry, and Jack Briard.

In a 12-end game in the Grand Challenge, Mr. Greenwood lost to S. W. Strachan's rink of R. Smith, W. D. McKenzie, and A. E. Berry by a 7-6 score.

Officials of the club have been negotiating with the Civic Commission for the use of the sports arena for a bonspiel, nothing definite has been decided, and it is possible that the event will not be held. Enquiries have been received from Chilliwack and Pentiction curlers regarding a bonspiel in the arena here.

Kamloops players and supporters as well as the Vernon players gathered at the High School where supper was to be served.

In the lunch-room in the basement Miss Stewart and several girls chosen by the High School Social Committee, had prepared supper and set places for over one hundred and twenty people.

At 5:30 the 120 people descended in force to take advantage of all that was laid before them.

After supper, Owen Karn acted as master of ceremonies. Song sheets were distributed and community singing opened up the after supper activities. Following this, several brief addresses made by Mr. Pepper, who welcomed the visitors, Mr. Fulton, Miss Harrison of Kamloops, and by Jack Baldwin, president of the V.H.S. Students' Council, and Bob Kipp of the K.H.S. Students' Council. Then to close the evening's program the captains of the various teams were called upon to introduce the players.

BASKETBALL
With supper and the speeches over the students headed for the Scout Hall, where the basketball games were scheduled to finish off the day's program.

The first game of the evening started at 7:30 when the Vernon and Kamloops girls took the floor "to do battle." The game from which Vernon emerged victorious 17-5, was in many places rather ragged. The girls warmed up to the play near the end but somehow didn't seem to be stepping along as smoothly as they might. However, the game did give the fans a number of exciting moments and that is something!

"The boys' game followed the girls' at 8:30. When the two teams lined up on the floor the Kamloops players seemed to tower over the Vernon boys and many of the Vernon fans felt more than doubtful about the outcome of the game. After about ten minutes of play however, their hopes began to waver for the Vernon players were putting up a very stiff battle and the score was kept close. In the last five minutes of play Kamloops broke away and gained a lead that the Vernon boys could not break and the game ended 30-25 for Kamloops.

Kamloops' star player was G. Dowling, who netted 16 points for his team. Vernon's points were distributed evenly over all the players.

Thus the day ended with the final score between the two schools tied. Kamloops won the badminton and boys' basketball, and Vernon the hockey and girls' basketball.

The day was entirely successful, and the Vernon High School hopes in the near future to journey to Kamloops to meet the players there on home ground.

In the meantime the V.H.S. is preparing for the North Okanagan High School Hockey Tournament in Armstrong this coming Saturday—Stuart Fleming.

Blue And Whites Flash

past Lumby's Frenchmen with 6-3 victory that was, their supporters hope, a playoff preview

Striving for their seventh consecutive victory, Lumby's hockey boys were defeated by the league-leading Vernon Blue and Whites, in the civic arena last Friday evening. The homesters were on the long end of a 6-3 count and registered their third league triumph of the season over their playoff rivals.

With nothing at stake, Vernon being assured of the league leadership, the game was not as fast as its predecessors, but the winners were good value for their victory, their finish being much smoother than that of Lumby.

Another factor in the local's victory was the return of Bill Gray, who played a fine rear-guard game and enabled Vernon to line up two strong defences while the Lumby duo, Bennie and Laroche, stayed in action for the full sixty minutes.

Art Gagne, of Kamloops, a former star with Montreal, Canada, handled the game satisfactorily throughout.

With the game but a few seconds old, Gordon Ruten missed an open net but Pete Moshewski gave Vernon an early lead. Christien, who alternated on the left wing of the Lumby second string with Morris, tied up the count, beating Hale on a pass from Quesnel. The Lumby second string were causing the Vernon defence more trouble than the first and they turned in a fine performance. Christien nearly repeated with play swinging to the other end, Green missed a great opportunity to give Vernon back the lead, but the latter missed the net and Jack Willis broke nicely for Hale only to find nobody to take his pass.

With Duxbury on the fence, Moshewski beat the Lumby defence and gave Vernon a lead they were to hold for the rest of the game.

In the second frame, Vernon opened early with two quick counters, but Lumby had more of the play, Hale kicking off thirty shots, against thirteen by Ingles. The majority of the Lumby shots were from far out on the ice.

Anderson carried the puck the length of the ice and gave Moshewski a perfect chance to score his third goal. Fifty seconds later, the centreman gave Korenko a nice pass and he registered Vernon's fourth tally.

Ingles was accidentally knocked out during a scrimmage around the Lumby net but recovered to make some fine saves. Lumby attacked strongly but poor marksmanship spoiled many efforts though Hale was fully extended to save from Duxbury. Laroche missed an open net following a nice rush by Derry and

Quesnel, and Hale made another fine save from Duxbury. Anderson went through again and laid down a nice pass to Moshewski, which he failed to gather.

LUMBY OPENS UP
Lumby started the third period with a bang, bringing the visiting fans to their feet, and Law rammed home a rebound from Bennie's drive. Twenty seconds later Derry accepted a pass from Christien and Vernon's lead was nearly wiped out. The Flying Frenchmen continued to press until Laroche was injured and had to leave the ice for repairs to his leg.

Korenko put the game on ice for Vernon when he combined with Moshewski to ram home the homesters' fifth counter. With Lumby attacking, Willis got away and gave Green an open shot on goal and the centreman accepted it to complete the scoring.

The Flying Frenchmen returned to the attack, but with Law and his wingmen falling to click, the Vernon defence was decidedly equal to the occasion.

For Vernon, Hale, though favored on occasions by Dame Fortune, turned in a good night's work and the Vernon defence was sound, Anderson and Gray starring. Moshewski played a great game on the forward line and was well supported by Ruten and Korenko. Willis worked hard on the second line and is improving steadily with every game.

Laroche played a good game for Lumby. Quesnel, Derry and Christien on the second line played good hockey, and Morris did some fine backchecking. The first string had an off night and were unable to get going or to hit their stride at all periods. The steady working of the Vernon forwards, who gave their defence invaluable aid.

THE TEAMS
Vernon: Hale, Sparrow, Anderson, Gray, Murphy, Moshewski, Korenko, Ruten, Green, Willis, Claughton. Lumby: Ingles, Laroche, Bennie, Law, Duxbury, Kersey, Quesnel, Derry, Christien, Morris.

SUMMARY
1st period: Vernon, Moshewski, 3, Lumby, Christien from Quesnel, 5. Vernon, Moshewski, 12. Penalties: Bennie, Willis, Bennie, Moshewski, Duxbury.

2nd period: Vernon, Moshewski from Anderson, 1, Vernon, Korenko from Moshewski, 1:50. Penalties: Sparrow, Murphy.

3rd period: Lumby, Law from Bennie, 2, Lumby, Derry from Christien, 2:20. Vernon, Korenko from Moshewski, 8. Vernon, Green from Willis, 18.

Referee: A. Gagne, Kamloops.
